NOTE FOR: Principal Under Secretary
of Defense/R&E

Jim:

I mentioned the fact that I had to sort out the allocation of studies and the action office to conduct them. I meant to give you the suggested recommendations from the IC Staff. You should note that they have been coordinated with the various NFIP agencies so I guess we could say there is a consensus within the Community on the ICS recommended lead.

When you have digested we ought to sit down and sort this out with the appropriate players.
